Metal sprays (anti-corrosion coatings)

WE-ZSN-400 WE-A-100

index	capacity packaging	description
WE-ZSN-400	400 ml	Anti-corrosion **zinc** coating spray for all metal surfaces, 70% zinc in the dry film (99% purity). Thermal resistance: -50ºC to +500ºC.
WE-CS-400	400 ml	Anti-corrosion **chrome-silver** high-gloss spray (not abrasion resistant). Not recommended for painting. Metallic pigment purity: 99.5%. Thermal resistance: -50ºC to +400ºC.
WE-A-100	400 ml	Anti-corrosion **aluminium** spray for all metal surfaces, abrasion resistant. Aluminium pigment purity: 99.5%. Thermal resistance: -50ºC to +800ºC.
WE-A-400	400 ml	Anti-corrosion **aluminium** spray for all metal surfaces, abrasion resistant, high gloss. Aluminium pigment purity: 99.5%. Thermal resistance: -50ºC to +800ºC.

Cleaners and degreasers

1 2 3

index	capacity packaging	description
WE-CLEANER-S-0500	500 ml (fig. 1)	Colourless, scented (orange) cleaner and degreaser for preparing surfaces for further work. Cleans and degreases metals, glass, ceramics, PVC and PMMA (plexiglass). Can be used to clean machine parts. Removes even resinified greases. Evaporates quickly without leaving residue. Available as a 500 ml spray and a 5 l canister.
WE-CLEANER-S-5000	5 l	
WE-BREAK-CLEANER-S-500	500 ml (fig. 2)	Colourless, scented (citrus) cleaner and degreaser spray for the automotive industry. Suitable for use on brakes (drums and discs, linings, brake pads, etc.), clutches (clutch linings and clutch parts) and engine parts (carburettors, petrol and oil pumps, gearboxes, etc.).
WE-SURFACE-CLEANER-400	400 ml (fig. 3)	This spray is intended for cleaning and degreasing surfaces before bonding or sealing. It can be used on metals, glass, ceramics and most plastics. Can be used to clean machine parts.

Adhesive and sealant remover

index	capacity packaging	description
WE-SAR-400	400 ml	Effective spray remover for adhesives and residues left by all kinds of sealants. Also removes oils, greases, varnishes and paints. For use on surfaces such as metal, wood, glass, ceramics, PE and polypropylene. Not recommended for PVC surfaces. Colour: pink.

Citrus remover

index	capacity packaging	description
KM-DL-44	400 ml	Effective lemon-scented spray remover for stickers and labels, tar, greases and fats. Also removes fresh polyurethane foam. The product meets the requirements of FDA 21 CFR 178.3570 for use in the food industry. Contains no corrosive substances, is mild and has a neutral pH, making it suitable for use on glass, metal, laminates, brick, painted surfaces, rubber and wood.
